## ARREST NARRATIVE

WRITTEN BY 5815 ARCHE ON 03/12/04

On 03/11/2004 the defendant Thomas Hartmann did call his ex-wife making threats to her that he was coming over to causing injury to her. She received about twenty five calls from him all threatening harm. After police officer responded to her 911 call. He called several times more and officers answered the telephone identifying them selfs to him. The defendant at this time threatened the officers by stating he was going to kill them also and that they better have their vests on. He continued by saying if he couldn't kill them he would kill another cop at the station house. See case reports 204CR0019484 and 204CR001989.

On 3/12/2004 BSO was staking out the possible locations where the defendant may return to. At 1655 the defendant was located at Brower Ave and Sunnybrook Dr. East in Oceanside. Here he was seen getting out of his car and BSO officers approached him. The defendant reached into his waist band as if he had a gun and started screaming at the officers that "you better shoot me or I'm going to shoot you". The defendant ran back to his car and drove away at a high rate of speed down Sunnybrook Dr East. BSO officers proceeded to follow the defendant attempting to stop him. See case report 204CR0019743.

Defendant drove recklessly at a speed of around sixty mile an hour to second location at Allen Ave 75 feet East of Fortesque Ave. Here the defendant exited his vehicle running towards officers again reaching into his waist band like he had a weapon. Officer Knatz exited RMP 942 anticipating a foot pursuit while PO Snelders remained in the RMP. Again the defendant yelled at the Officers "You better shoot me before I shoot you." Officer Knatz had to refrain from firing his weapon because of his partner and his vehicle. Defendant continued yelling at the officers and making threats. He also continued to act like he was attempting to retrieve a weapon from his pants. Officer Snelders was still in RMP with his restraint seat belt on and was unable to pull out his weapon. While the defendant was still around his vehicle and reaching into his pants PO Snelders maneuvered RMP 942 closer to the defendant and his vehicle. When defendant crouched down like he was coming out with a weapon PO Snelders use his RMP to stop the defendant and did hit him with the vehicle terminating the incident. See case report 204CR0019746

Record Bureau 4574C notified.
